

## The Room Sculpture Experience

### Description

The Room Sculpture Experience is a collaborative art making experience in which students build and then deconstruct a unique physical sculpture made from a series of curated objects, set pieces, fabrics, and lighting fixtures. On arrival to the theatre, students are greeted by a Ghost River Theatre guide and given a five-minute introduction. The guide will then lead the students through an hour-long immersive experience providing creative prompts. A collective 20-minute debrief to reflect, reframe, and question concludes the experience. The Room Sculpture Experience takes place in a fully immersive theatre environment using a suite of lighting, projection, and sound design to inspire participants to give over to the creative impulse. Participants will be asked to remain silent throughout, with the goal of energizing the imagination, inspiring creative practice, and building community through collaborative art making.

Maximum capacity is 36 students and 4 teachers/chaperones

Tickets are \$20 per student. Teachers/chaperones are free.

Total experience is 90 minutes long.

Location is West Village Theatre, 2007 10th Ave SW, Calgary, AB, T3C 0K4.
